THE DISAPPOINTED WIFE.

BY LIZZIE LINN.

CHAPTER IV.

"Famine is in thy cheeks;
Need and oppression starveth in thine eyes;
Upon thy back hangs ragged misery;
The world is not thy friend, nor the world's law."

While his wife was yet very feeble, Sneeks went to the city and spent several days in dissipation and nights in rioting. All that time he played largely and incurred heavy debts. Soon after his return he proposed to sell a greater part of the farm, and urged as a reason, that they should do so, there would be less hard work in the house.

Mrs. Sneeks was then very weak both in body and mind, and she had no one to advise her.

"Anything, anything," thought she, "so that I need not be such a drudge, and work so much beyond my strength."

A few days only elapsed before she was called upon to sign a deed, and she placed her name to the document wholly unconscious of the poverty to which she was reducing herself. The magistrate received her testimony that it was done of her own free will, and yet he saw that she was incapable of having any intelligent will about it.

The following winter Mrs. Sneek passed nearly alone. A man, near by, was employed to get wood and take care of what little stock they had left. This man was very unfaithful, and she often suffered for fuel, and flour, and other necessaries. Sneeks spent most of his time in the city, and before spring he became a shameless profligate. One evening, in a drunken revel he fell into a quarrel. The combatants were separated, but the memory of the difficulty rankled in the bosoms of both. The next time they met, they drew their dirks, and Sneeks was pierced to the heart. "He died as the fool dieth." What a load of cruelty toward her whom he had sworn to love and cherish—what a mountain of crime he carried up to the throne of the Eternal!

Mrs. Godfrey went to the city and buried her father. She apologized for his reckless conduct by saying—

"His wife was very inefficient, and had no power to make home agreeable. Were it otherwise, he might have been different."

Base detractor! Mrs. Sneeks was a genial, loving, faithful woman, and one in every way calculated to make domestic life attractive. It is bad enough to have the trouble, without being charged with the crime. She did not go to see his remains consigned to the last resting place; her wardrobe was too scanty. Had she attempted to appear abroad, she would have looked like a beggar. Neither did she make a great show of grief; still, she felt the bereavement—she was shocked, she was unutterably desolate. Even a broken reed, that can give no support, we cling to; we would not have it taken away. We shudder, even when the tie that bound us to a faithfulness wretch is rudely broken. Her heart had been rent with many sorrows. The current of her life that once flowed harmoniously onward through the fields of love and joy, had been turned away backward, and forced to channel its way through a dark and thorny labyrinth, downward and downward, to utter hopelessness and misery. And now, oh! how chilling and repulsing and solitary appeared the way.

Legal proceedings were entered into for the settlement of the estate, and of all Mrs. Sneeks' property there remained only the house and twenty acres of land, valued altogether at two thousand dollars. This would have yielded Mrs. Sneeks quite a comfortable living, as her wants were few, and she might have spent her old age in comparative peace; but, greatly to her surprise, Mrs. Godfrey was the legal heir, for thus readeth the law. An interest, simply, in one-third of the estate, was the scanty pittance allowed her, whose funds had bought it all.

"Should you leave the place," said a lawyer, whom she was consulting—"and I suppose you could not live there alone, and attend to the farming department—you will receive your share of the income from Mrs. Godfrey."

"From Mrs. Godfrey! Is my bread to come grudgingly from the hand of that false woman? God forbid that I should ever eat it! This is the last act of humiliation to which I had ever thought of being subjected. Her father has squandered my means; he has wrung out my heart's blood, and exhausted a fountain of tears; and that is not enough, but the law takes my last dollar, and gives it to her who would gladly oppress and grind me into the earth, as he has done. I brought to him youth, hope, affection, all spotless and true; I brought a competence; and they are all, all gone. Hopes are blasted, affection crushed, premature age is upon me, for even now I tremble as one under the weight of years, and the scanty remnant that is left of my means the law filches from me, and gives to my worst enemy; and when I can no longer work, I am to beg or starve! Perish all such legislation!" cried the excited woman.—"Oh! how cruelly the world hath dealt with me! I am now homeless, friendless, in want—existence has become a burden, a curse!"

Powerful emotion prevented farther utterance.

Mrs. Sneeks was thoroughly roused. The unkindness of her husband had always grieved rather than offended her. She sunk under it; she could never give the reprimand his conduct so justly merited. But she had spirit, and all the indignation of her soul was roused on this occasion. No act of his had ever so vexed and irritated her.

Mrs. Sneeks soon left the farm, and sought a home with Mrs. Day—a kind-hearted person, who had taken some interest in her and her troubles. She had now lived in that family several years, ostensibly as a friend, but in reality a servant. She does a servant's work, or as much of it as she can, and receives wages in proportion. Mr. Day sometimes collects her income, though it is difficult to do so without a resort to law. Mrs. Godfrey had sent her many an insulting letter, one of which read thus:

"I do wish my father could have lived unmarried, and not left a widow on my hands to support. It is as much as I can do to take care of myself and child; so, the fewer demands you make upon me, the better for us all. I presume you are able to get your own living."

With what torturing recollections did that advice of her brother come up from time to time before the unhappy and disappointed woman.—Had she availed herself of it, Sneeks, such was his disposition, would have been, when at home, quite decent and comparatively kind; and at his death she would have been perfectly independent, pecuniarily.

Reader, I have now fulfilled my commission. I have given you a sad tale; and I hesitated to exhibit to your view this dark page in human history. The bright and sunny pictures are more pleasing to us all; but Mrs. Sneeks gave me the leading incidents in this sketch, with the request that I should give them to the world.—She believes, with Dr. Johnson, that every person is bound to make some improvements in the chart of life—to point out the rocks upon which he has been dashed, and the shoals where he has been stranded.

TWO HUNDRED AND THIRTY-NINE AND fifty-four one-hundredths acres of Land now offered for sale, at a great sacrifice, to close a concern. The land lies in Winnebago county, on the east bank of Rock river, about seven miles from Rockford, on the road leading to Dixon, near the [illegible] R. R. It is pleasantly located, being a rolling prairie, rich soil, and good water, with a fine grove of young timber, (about twelve acres,) in a healthy neighborhood of good society, &c. &c., will be sold low for Cash. Title indisputable. For further particulars call on the Hon. HORACE MILLER, near the premises, or

DOCTOR YOURSELF!
THE POCKET ÆSCULAPIUS:
OR, EVERY ONE HIS OWN PHYSICIAN.

THE FORTIETH EDITION with One Hundred Engravings showing Diseases and Malformations of the Human System in every shape and form. To which is added a Treatise on the Diseases of Females, being of the highest importance to married people, or those contemplating marriage. By WILLIAM YOUNG, M. D.
Let no father be ashamed to present a copy of the ÆSCULAPIUS to his child. It may save him from an early grave. Let no young man or woman enter into the secret obligations of married life without reading the POCKET ÆSCULAPIUS. Let no one suffering from a hacknied Cough, Pain in the side, restless nights, nervous feelings, and the whole train of Dyspeptic sensations, and given up by their physician, be another moment without consulting the ÆSCULAPIUS. Have the married, or those about to be married, any impediment, read this truly useful book, as it has been the means of saving thousands of unfortunate creatures from the very jaws of death.
Any person sending TWENTY-FIVE CENTS enclosed in a letter, will receive one copy of this work by mail, or five copies will be sent for one Dollar.

Homœpathic Card.
DR. S. I. CAROLIN,
OF TRINITY COLLEGE, DUBLIN,
AND
L'ACADEMIE ROYALE DE MEDICINE A PARIS,
ANNOUNCES to the inhabitants of Chicago and vicinity, that he has recently arrived from the South, where he has been for some time, (and especially during the prevalence of the late dreadful epidemic) in extensive and successful practice; his health, however, having suffered from the climate there, he has been persuaded to remove to this city, where he trusts to merit the confidence of the public.
Dr. Carolin received a thorough classical education, and afterwards pursued during three years, a regular course of Allopathic medical studies, in Paris; but having been reluctantly convinced by the observation of incontrovertible facts, of the truth of the Homœopathic system of medicine, he has now honestly adopted that mode of practice, discarding, however, its extremes. It's scarcely necessary to add, that Dr. C. speaks the French language fluently.
His office is in the new building, 83 Dearborn street, nearly opposite the Theatre, with Dr. Thomas Smith, who is an old and esteemed friend.
Dr. Carolin will attend to all the collateral branches, viz. Surgery, Midwifery, &c. &c.
Refers to J. K. C. Forest, Esq., assistant Editor of the Democrat; H. Wheeler & Co., Commission Merchants; and William Clougher, Esq., City Surveyor.

CARD TO THE PUBLIC.
COMPLETION OF THE ST. NICHOLAS.—The proprietors of the St. Nicholas Hotel, Broadway, New York, have the pleasure of announcing to their friends and the traveling public, that the *last addition* to the building, consisting of the southern wing, having been completed and furnished, the *entire Hotel* completed according to its original design, and offering ample accommodation for one thousand persons, is now open for the reception of guests. The new section, opened this spring, is fitted up and furnished in the same sumptuous style as the other portions of the establishment. The St. Nicholas, as perfected, contains six hundred apartments, of which three hundred are in family suites, and is confessedly the largest and most commodious Hotel in the world. The proprietors tender their warmest thanks for the support which has rendered their undertaking so successful, and trust that the increased magnitude of their establishment will prevent for the future the disappointments to which many have been heretofore subjected, in consequence of their inability to accommodate them. Zinc Paints.
THE NEW JERSEY ZINC CO. are prepared to execute orders for their valuable White Zinc Paint, which is now acknowledged to be superior to lead in Whiteness, Brilliancy and Durability, either for inside or outside use. And as it is now cheaper and will cover a much greater surface than lead, using equal weights, and is not poisonous, it recommends itself, both on the score of health and economy.
A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their paints will be superior to any other in the market.
Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other metalic surfaces.
Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreeable color for painting Cottages, Depots, Out Buildings, Bridges, &c.
Their Paints, which are sold Dry or Ground in Oil, are warranted pure, and put up in Kegs of 25, 50, 100 and 200 lbs., to be had precisely equal to weight.
For sale by the principal dealers of the United States, or by MANNING & SQUIER, Agents,

NEW AND IMPROVED
Sewing Machines.
THE AMERICAN
MAGNETIC SEWING MACHINE COMPANY
Now offer for sale at their Rooms,
397 BROADWAY, NEW YORK,
By far the most perfect and valuable Sewing Machines that have yet been invented.
The public are respectfully invited to call at the Rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.
It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMSON, who adapted the machine to certain portions of tailors' work, and Mr. COON by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—
1st. It is extremely simple in its construction, and is not liable to get out of order.
2d. The stitches are uniform, perfect, and present a beautiful appearance, never before attained by any machine.
3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.
4th. Any and all kinds of work can be done on our machine with equal facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.
5th. By means of friction rollers the thread can be made tight or loose upon the cloth, at the will of the operator.
6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.
7th. The finest curvatures can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, &c., can be as elegantly and elaborately worked by the aid of this machine, as by the most skillful seamstress in existence.
The American Magnetic Sewing Machine Company have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations.—The speed of this machine is also a great feature that must secure the attention of the purchaser. It will take with ease *Five Hundred Stitches per minute!*
For further information please call at the Rooms of the Company, or address the Secretary at the Office, 397 Broadway. JAMES T. AMES, President.

BRADBURY'S
PIANO AND MELODEON WAREROOMS,
NO. 423 BROADWAY, NEW YORK.
FROM enlarging my Warerooms, I am enabled to keep a much greater assortment of Instruments than heretofore. All Pianos furnished are of an elastic touch, and of an even quality, and deep, full, rich and purely Vocal tone, qualities most desirable, inasmuch as the voice will not be lost in the tone of the instrument. All my Pianos are fully warranted, and a guarantee given with every bill of sale, and are sold as low as can be purchased elsewhere. Second hand Pianos at all prices.
A NEW INVENTION.
The Organ Melodeon, with Two Banks of Keys, the only thing of the kind in the country. Having Two Stops, Coupler, and Sub-Base on the Pedals, a grand powerful instrument, pronounced by Organists to be superior for churches or Organ practice to the medium sized Organs, price $350. Also the common melodeon of all styles and prices. Being the exclusive Agents for these instruments, orders are solicited. The Clergy, Churches made to the trade, and to the clergy when purchasing for their own use.

EDUCATION.
Mrs. Barr's
LADIES' BOARDING SCHOOL
55..........Michigan Street, North Side..........55.
CHICAGO, ILLINOIS.
THIS INSTITUTION, conducted after the model of the best European Schools, is expressly designed for the Training and Finishing of Young Ladies, desirous of a first class education.
From the high satisfaction and the support Mrs. Barr's system of teaching has hitherto met with, she is encouraged to hope for a continuance; and she takes this opportunity of returning her acknowledgments to her friends and the public.
Attached to the Class Room is a valuable and well selected Library, to which regular additions are made.
The domestic arrangements are on a liberal and handsome scale, and a sufficient number of Pianos are provided for the use of resident Pupils, free of charge.
Terms moderate—may be had on application.
Strangers are respectfully invited to call.
A limited number of day Pupils are taken, to whose studies [illegible] To the Ladies of Chicago this presents many desirable opportunities; and the favor of a call is solicited—when it will afford Mrs. Barr pleasure to render any information required.

HATHAWAY'S
Mathematical and Classical High School,
FOR MALES AND FEMALES,
No. 56..........LAKE STREET..........No. 56.
(CHICAGO, ILL., OPPOSITE TREMONT HOUSE.)
WILL be open for the reception of Pupils on Monday, December 5th.
The method of instruction is wholly original, drawn from long practical experience in the field of mind.
[illegible]
We desire no students who require other inducements to a correct department than the importance and pleasures of education, the rewards of honor, and the approval of an approving conscience.
Our system of instruction is identified in the following axiom.—*The study of Science is the study of God.*
The universal satisfaction manifested by all who have enjoyed the benefits of this institution, is the best guarantee we can offer for the future.
Particular attention will be paid to such Ladies and Gentlemen, as may wish to qualify themselves for instructors.
Teachers of the highest order will be secured in all the branches of a substantial and polite literature.
We pledge ourselves to furnish a thorough practical education at less expense than any other institution in the West; yet, all who desire nominally cheap bills of tuition are advised to call upon other instructors.

A CHANCE FOR A FORTUNE.
THE large and new HOTEL just completed in Morris, Grundy County, is now ready for occupancy, and will be rented on reasonable terms. The city of Morris is well known, is situated in one of the richest and most fertile portions of the State, is the centre of an increasing business country, and accessible to all parts of the State by Rail Roads and the Illinois and Michigan Canal, which passes directly through it. The Rock Island Railroad now connects the city within a few hours of Chicago, and receives at Morris a large share of its custom and business. The Hopkins House has received the patronage of travelers on account of its splendid location, as well as of its being the largest and most convenient arranged House in the State, outside of Chicago. No location in the West has shown greater prosperity or offers better inducements for investment than Morris.
Application for renting the Hopkins House may be made by letter, or by personal application to

CITY OF CHICAGO:

TUESDAY MORNING, MARCH 28, 1854.

☞ See First Page!

THE AMERICAN COLONIZATION SOCIETY.

We have received the thirty-seventh annual report of this Society. We have perused it with much interest and pleasure. The Report speaks of the loss which the Society has sustained since its last annual meeting, by the death of several of its earliest and ablest friends and patrons:

The Hon. Jacob Burnet, of Cincinnati, Ohio, departed this life on the 10th of April last. He was elected a Vice President of this Society in the year 1836. He was a liberal annual contributor to its funds, and left it a handsome legacy at his death.

The Hon. Simeon Greenleaf, of Cambridge, Mass., who was elected a Vice President in the year 1846, and was one of its ablest advocates, died beloved and greatly lamented, the 5th of October, 1853.

Anson G. Phelps, Esq., for many years the President of the New York State Colonization Society, and a Vice President of this Society since the year 1841, closed his earthly labors the 30th of November last. He was a large contributor to the funds of this Society; and as one of its Life Directors, was always present at its meetings.

The receipts of the Society for the past year, from all sources, were *eighty-two thousand four hundred and fifty-eight dollars and twenty-five cents*.

The several States rank in the following order as to the amount of funds received from all sources within their borders, including payments on account of the Repository, expenditures reported by State Auxiliary Societies on account of emigrants, &c. &c.

New York	$10,733 43	Indiana	1,733 00
Virginia	10,628 72	Louisiana	1,458 25
Mississippi	6,781 25	D. Columbia	1,014 67
Connecticut	6,564 17	Maine	997 12
Massachusetts	6,269 20	Alabama	828 50
Vermont	4,853 75	Delaware	608 54
Maryland	14,588 40	N. Jersey	437 12
Pennsylvania	4,082 12	Illinois	297 99
Kentucky	3,957 25	Missouri	132 00
Georgia	3,797 86	Florida	103 00
Ohio	3,200 33	N. Hampshire	84 30
Tennessee	2,366 16	California	30 00
N. Carolina	2,294 18	S. Carolina	12 00
R. Island	2,270 47	Michigan	10 00
Texas	3 00	Wisconsin	5 00

There have been six expeditions sent out to Liberia by the society, during the past year of its existence. The first of these was composed of the ship Banshee, which sailed from Norfolk on the 30th of April, with 161 emigrants, the second, of the barque Shirley, with eleven emigrants; the third in the barque Adeline, with 134 persons; the fourth of the barque Isle de Cuba, with fifty-three emigrants; the fifth of the ship Banshee, with 261 persons sent by this society, and sixteen by the Maryland society; and the sixth and last of the brig General Pierce, with 162 emigrants. This last expedition was composed of a peculiarly interesting company.—They were from South Carolina, Georgia, and Tennessee. Twenty-one of them were born free; sixteen were liberated by will; and one hundred and twenty-six by masters now living, viz:—fifty by Richard Hoff, Esq., of Oglethorpe county, Georgia, who paid three thousand dollars for their passage and support six months in Liberia and gave them about twenty-five hundred dollars at their embarkation; twenty-nine of them by the Hon. Wm. E. Kennedy, of Columbia, Tenn., who sent twenty-six in the expedition from New Orleans, in Dec. 1853; and thirty-eight by Montgomery Bell, Esq., of Nashville, Tenn., who gave them good outfit, paid all their expenses to the place of embarkation, and gave two thousand dollars towards the expenses of their colonization. This was a most interesting and extraordinary company, consisting of a man and his wife and thirty-six children and grandchildren. Mr. Bell has a large number more of whom he wants to send, in the next expedition, about eighty; and he is willing to give them an outfit, pay their expenses to the place of sailing, one-half the amount necessary to transport them to Liberia, and support them six months. These are the "iron men" of Tennessee. Mr. Bell has long been known as one of the largest manufacturers of iron, and his slaves have been his only workmen. They thoroughly understand the business. Among them are miners, colliers, moulders, and men fully competent to build furnaces for making iron, and to carry on the business themselves. They are also represented as being men of high moral character, who would be an honor and an acquisition to any country.

From the above statements it will be seen that the Society has sent to Africa, during the present year, seven hundred and eighty-three emigrants, being an increase of one hundred and seventeen more than were sent the preceding year.

LIFE IN CALIFORNIA.

The advertisements of the newspapers of a country are an admirable index of the Life that is led there. Judging from this fact, we are inclined to think that California must be an exceedingly *fast* State. In our recent California exchanges we find the following advertisements, which speak for themselves:

MATRIMONIAL! MATRIMONIAL!

From the position in which many persons are placed, and the great difficulty which exists in forming acquaintances in this country, we have noticed that many young men are leaving here by every steamer to obtain companions in the Eastern States, many of whom would, probably, form such alliances here, if they could become acquainted. Therefore, (by the advice of many friends) we have concluded to establish a branch of business as a medium whereby persons can be put in correspondence, thus forming an acquaintance with those of the same desire. In order that the business may be transacted with due respect to the feelings of both parties, we desire that all communications be through the Post Office, directed Lock Box 743 San Francisco. All communications confidential.

Ladies in or near the city, addressing as above, will please give their real name and place of residence, if they wish a personal interview.

All letters must be postpaid, and contain a fee of $10, to receive attention.

"DIVORCES—NEW FEATURE.—To-day we commence our announcement of divorces. It has been customary for some time to accommodate the affection of parents by announcements under the head of Births. To record similarly the occurrence of Marriages and Deaths has long been a feature of newspaper manufacture. But until the modern California system of morals prevailed, there seemed little need of a distinctive head for Divorces, so seldom did they occur. But now they are almost as common as births. We shall, therefore, henceforth give them with all the laments. Of course, after the bonds of separation are complete, each of the parties is supposed to be in the field for new associations and new matrimonial ties. They must be grateful to us, for thus giving them the benefit of an advertisement, which may be the means of speedily shortening their days of unhappy single blessedness."

DIVORCED.

In this city, on the 13th inst., by Hon. Delos Lake, Maria Abell from John G. Abell.

In this city, on the 13th inst., by Hon. Delos Lake, Mary Ann Mallett from John H. Mallett.

We imagine that the Hon. Delos Lake is doing a *smashing* business.

THE ST. CLAIR FLATS.—Several experienced Lake Captains acting under the arrangements made at the late Marine Convention at Chicago, were in this city yesterday, and went up to the St. Clair flats, on the Rescue steamer, with a view of taking thorough soundings. The principal object of these soundings is to determine upon what channel the contemplated expenditure of money to be used for dredging shall be employed. Among those who went up, were Messrs. G. Y. Richmond, of Chicago, Sears, of Milwaukee, Davison and McKee, of Buffalo, Gordon Campbell, of Detroit, and Carey, of Clayton, N. Y. Mr. Wm. Whitwood, of this city, was also of the party.—*Detroit Inquirer, of Friday.*

ANOTHER FUGITIVE FAMILY SAFE.—Last week, a colored man, with and children, fugitives from Virginia bondage, were passed on to Plainfield, when a prompt gathering of the freedom-loving citizens of that town was had, such as the town as never before to raise a fund, the fastest teams in the place volunteered, and the fugitives sent on their way to Canada. Nine hours after they left Plainfield, the baffled pursuers reached Montpelier, and, giving up the chase, went back again. Hurra for the Fugitive Slave Law!—*Montpelier (Vt.) Freeman, 14th.*

NEW YORK CENTRAL RAILROAD.

This road has done an immense business during the past year. Notwithstanding the facilities they have possessed for doing a large freight business by consolidation, yet they have been unable to transport half the produce and merchandise that has been offered them from the want of freight cars, and we doubt whether there can be found another road better equipped in this respect than the Central road. Owing to the frequent interruptions to canal navigation during the past summer, their depots have been filled and emptied daily, with every description of produce destined for Albany and New York.

The following table will show the leading articles carried by the New York Central Railroad from this city to Rochester, Albany and N. York during the past season:

[illegible]

During the past year this road has transported nearly 150,000 tons. The amount shipped each way it has been impossible to obtain separately. The company have made extensive preparations for doing a large business next year. Last year they enlarged their freight depot on Ohio street and have purchased several large lots of ground on the Creek, on which they intend erecting a large freight depot, they have also laid down tracks along the docks extending from the main tracks each way to two of the principal Elevators, where every facility will be had for loading their cars with grain. They have also purchased several large lots on Exchange st., running back to Carroll, on which they will erect next spring a large passenger depot.

The following general statement shows the receipts and disbursements of this road for the nine months ending Feb. 1, 1854:

[illegible]

The earnings of the road for the months of May, June and July, were received by the former companies. During that period, and while the consolidation was being perfected, and even afterwards, large expenditures were made for repairs on portions of the line, and in renewing the track where the rails had been worn out; in equipping the whole line; and in various other ways, found indispensible to put the road in efficient working order. These were extraordinary expenses.

The amount charged to expense account has thus been much larger than it otherwise would have been, and larger, proportionately, than it will be hereafter.

The Directors, we understand, in view of the true interests of the company, regard it of importance to keep the construction account within the most rigid limits, so that there may be no occasion to add either to its capital or liabilities. But after charging the expense account whatever is necessary to render the road perfect in its organization and efficient in its operations, enough has transpired to assure its friends that their anticipations of its usefulness as a great central thoroughfare, and its value in other respects, will be realized.—*Buffalo Republic.*

The main road from Buffalo to Albany is 298 miles in length. Its branches are the Buffalo and Lockport, 25 miles; the Buffalo and Niagara Falls, 22 miles; the Niagara Falls and Rochester, 76 miles; Attica and Batavia, 11 miles, Rochester and Charlotte, 9 miles; Rochester and Syracuse, via Canandaigua, &c., 104 miles; and the Schenectady and Troy, 17 miles; making 562 miles of track and road branches.

AN EDITOR OF SPIRIT.

The Freeport *Bulletin* is one of the very many Democratic papers of this State which is decidedly and firmly opposed to the Nebraska Infamy. The course of the *Bulletin* upon this matter has greatly excited the ire of the Doughfaces of that village, and they have *come down* upon it in various ways. The editor, in his last issue, has a two column leader, in which he defends his paper and himself, and from which we take the following extract. We rejoice at the assurance which we feel that this is but one instance of many which might be brought forward within our beloved State, where the love of Liberty and the Right has risen superior both to bribes and threats, spurning the one and defying the other. We have some traitors to Liberty at Washington, who claim Illinois as their home. We are proud to think that their followers here dare not show their heads.

The editor of the *Bulletin* says:

"Simply because we expressed ourself opposed to the passage of the Nebraska Bill as amended by Judge Douglas, we have been denounced as an abolitionist and an agitator by one or two Democrats of this place, just as though such insinuations would cause us to recall all we have said—but it is a grand mistake. We care not what you call us, the people know whether the name is applicable or not, and if *they* should not approve our course it matters not one farthing's difference—we shall not sacrifice our honest convictions of duty though we are crushed and sink. A bribe of *five hundred dollars* has been offered us, which we spurned; and then we were threatened with being crushed and ruined, which we do not fear—we say, let it come. Such a course will not cause us to yield one inch of ground which we believe we maintain rightfully, but if we discover we are in error we will honestly acknowledge it. Suffice it to say, that we will *never be bought or driven*. That's the wrong way to approach us—we spurn the offer and defy the threat. We do not pretend to say that you cannot break us down—we don't mean any such thing—but if you can do it, let it come, and welcome. We will ride the storm with cheerfulness of heart, and if you interpose obstacles that shall wreck our bark, we will see the last timber float from under us without shedding a tear of regret over our chosen course. We have but a small amount of "this world's goods" to sacrifice—let it come. We can work 16 hours per day for *one year*, (we have tried it, and we know we can do it) and live on two biscuits and a glass of water each day, and if, at the end of that time, you accomplish your designs—we say, *let it come!*"

INDIANA.—The *Brookville American* states that the Hon. Thomas Smith, of Ripley, Representative in the 26th and 28th Congress, is out in opposition to the swindle by which it is sought to carry Slavery into Nebraska, and to make a President of the giant pigmy from Illinois. The Colonel, though he broke into Congress in rather a dirty way in 1839—by denouncing Judge Dunn as an Abolitionist, because of his vote for the right of petition—managed to vote pretty well for the interests of freedom afterward, (except, we believe, in the Texas matter.)

There was a vote taken recently on the whisky question, in Greencastle, which resulted as follows:

For total extermination	302
For partial prohibition	11
Against prohibition	5

Only five antis in the corporation! The officers elected are all prohibitory law men, with perhaps one exception, and we have been informed that that one has been lately advocating the Maine Law.

CAIRO.

A correspondent of the St. Louis *Republican*, writes to that paper the following brief sketch of Cairo, as seen from the deck of a steamboat:—

I looked through the mist at this mighty city in the "prospective," and discovered all of four hotels—forty-eight houses, seven avenues to the spirit world, or as they are vulgarly called grog shops; five city illuminators, (used to be) canal boats; two *stranded propellers*, (wood boats;) nine stores, seven of which make merchandise of the "Oh-be-joyful." Seventeen of the houses are floating palaces, and the rest are leaning that way. Oh, what a place to get the dismals; what a place of wisdom to make a city out of;—and yet that moving earth called mortared mortar bed is modestly offered to the speculative public at one hundred dollars per foot.

All ye who seek for wealth,
Come and buy, come and buy;
Come ... [illegible]
For a try.
Here's a place to get a death,
A place ... [illegible]
A place to go to ... [illegible]
Come and buy, come and buy,
A place to go to ... [illegible]
Come and buy, come and buy.

EXCLUSION OF FREE LABORERS FROM THE TERRITORIES.

The Nebraska bill is intended to exclude free native laborers, as well as the Germans and Irish, from the great western territories. It is so generally understood at Washington. That such will be its effect, if it be passed, no one can doubt who consults the census reports.

Let us go back fifty years and review our representation in Congress:

[illegible]

Here we have a steady increase of representatives from the free States, resulting from a rapid development of population. The Senate was equally divided until the admission of California, when the equilibrium which it had been attempted to maintain in that branch of government, between the slave and free States, was overwhelmed. This check to the slavery element came unexpectedly. Texas had been admitted to balance the new States growing up in the northwest, but the war which followed with Mexico led to the sudden acquisition of California. But even without this State, there was no prospect of maintaining an equality in the Senate permanently, as is apparent from the following progressive expansion of population:

[illegible]

Here we see that the slave and free States, which little more than half a century ago, had each about three millions of people, are now wholly unequal in population, the slave States having only nine millions. And yet the slave States had more territory, viz.:

[illegible]

The following territories now remain to be organized into States:

	Square Miles.
New Mexico	[illegible]
Indian or Kansas	[illegible]
Minnesota	[illegible]
Oregon and Washington	[illegible]
Utah	[illegible]
Nebraska and Northwestern	[illegible]
	1,[illegible]

Here is an extent of territory nearly equal to the area of all the existing States; and from more than one-half of this the Nebraska bill would exclude free labor. The census returns show that free labor has been practically excluded, or kept out of every territory into which slavery has been admitted. The population of Missouri, as well as its productions, compared with Illinois, illustrates this. Here are the population returns:

[illegible]

Although in advance of Illinois in 1810, Missouri has fallen far behind it now; and similar results appear in ever slave State, compared with a free one.

Witness the following return of the ratio of increase in the central slave States and the northwestern free, the latter almost unknown fifty years ago:

[illegible]

Supposing the States to progress as in the past, the facts quoted prove that the free States, in half a century more, if the Nebraska bill is defeated, will have a population four times greater than that of the slave States. But if the Nebraska bill is passed, a free white man will only go into the western settlements to become a slave-holder. If unable to buy and hold slaves, he will keep away from those settlements, rather than be classed as a working man among slaves. In fact, the Nebraska bill is intended to make labor disgraceful throughout eight hundred square miles of territory. But it is not the Irish or the Germans who will be most grievously wronged by this bill. It is our own native population. For example, there were in 1850—

[illegible]

The same state of facts was found by the census marshals to prevail in all the new States. The great pioneers of western civilization are *native Americans*, emigrating from the old States. These are the people who will be shut out by the Nebraska bill, in common with foreign immigrants, the latter, however, comprising but a small part of the great human tide flowing westward. A million of similar facts might be gleaned from the Census returns, proving the wickedness of this Nebraska bill.—*N. Y. Evening Post.*

MEETING OF SOLDIERS OF THE WAR OF 1812.

Agreeably to a notice published in the city papers a week or two since, suggesting a meeting of the soldiers of the war of 1812, the following named persons met at the grand jury room in the court-house, in this city, on Wednesday, the 15th inst:

PEORIA COUNTY.

Wm. Hale,* of the N. Y. Militia, aged 70; native of Vt.

James Pierce,* of Col. Forsyth's U. S. Infantry, aged 60; native of New Hampshire.

Smith Dunlap,* Lieut. Com. N. Y. Militia, aged 70; native of N. Y.

James Marquis,* of Ohio Volunteers, aged 68; native of Maryland.

Dan. Hyde, of N. Y. Militia, aged 65; native of Connecticut.

James Stewart, of N. Y. Militia, aged 65; native of New York.

Minney Rynearson,* of Ohio Volunteers, aged 64; native of Pennsylvania.

S. DeWitt Drown,* of N. Y. Militia, aged 63; native of New York.

Moses Clifton, aged 61.

STARK COUNTY.

Sylvester Sweet,* of U. S. Infantry, aged 60; native of New York.

Wm. Champ,* of Ohio Volunteers, aged 59; native of Virginia; son of Sergeant Champ, of the revolution.

John A. Williams,* of U. S. Infantry, aged 61; native of Pennsylvania.

Harris Miner,* of U. S. Infantry, aged 72; native of Connecticut.

HENRY COUNTY.

George Ross,* of N. Y. Militia, aged 74; native of New York.

William Winter, volunteer under Capt. Hallock, aged 60; native of Massachusetts.

KNOX COUNTY.

Isaac Mather,* of U. S. Artillery, aged 63; native of Connecticut.

FULTON COUNTY.

Wm. Cunningham, of Pennsylvania Cavalry, aged 61; native of Pennsylvania.

[Four of these have received warrants for forty acres of land, and three of them a quarter section each.]

*Sons of Revolutionary Soldiers.

The meeting was organized by calling James Pierce to the chair, and appointing S. DeWitt Drown Secretary.

After arranging some preliminaries, and recounting the affairs of "olden times"—their many hair-breadth escapes, and conflicts in defence of the country, the meeting adjourned till 2 o'clock, P. M.

Afternoon.—Met according to adjournment.

The Secretary read extracts from several papers relative to the propositions made in Congress for the benefit of the soldiers of the war of 1812.

The following resolutions were adopted:

Resolved, That S. DeWitt Drown and Wm. Hale be appointed to prepare and forward a memorial and resolutions to our senators and representatives in congress, urging the passage of a law extending pensions to the soldiers and volunteers of the war of 1812.

Resolved, That the soldiers in this vicinity and the adjoining counties who have not been able to attend this meeting, be requested, if they concur in the objects proposed, to forward their names to the secretary, to be attached to the memorial to congress.

Resolved, That the soldiers of 1812, in this state, be requested to meet at some convenient place in their respective congressional districts, for the purpose of urging upon congress the justice and propriety of extending to them the benefits of the pension law, or such other aid as may be due from a grateful and prosperous country.

Resolved, That the soldiers of 1812, residing in this (the fourth) congressional district, are hereby requested to meet at the court house in Peoria, on the first Wednesday (7th) of June, at 10 o'clock A. M.

On motion, the papers of the State generally were requested to publish these proceedings.

The meeting then adjourned till the 7th of June.

JAMES PIERCE, Chairman.

S. DEWITT DROWN, Sec.

VESSELS LAUNCHED.—The schooner *Whirlwind* was launched yesterday afternoon, or rather *started* to be launched. She started too soon, and when near the water, the sliding ways ran off the track, letting the vessel down upon the stationary timbers, where she still lies. She will be raised by means of jacks, and got afloat today. We did not learn whether any damage was done by the accident.

The little schooner *Annie* was launched on Saturday.—*Racine Advocate 21st.*

RELIGIOUS ITEMS.

DR. JUDSON'S PILLOW.—During a part of his imprisonment, Dr. Judson contrived to keep possession of an old hard pillow covered with a mat. It was the only comfortable support of his weary, aching head. When he was thrust into the inner prison at Ava, it was taken from him by the keeper of the prison but the keeper found it an uneasy support for his brains, and finding a better one it was returned.

On the day when he was driven away to Oung-pen-la, he was robbed again of clothes and bedding. One of the ruffians seized the pillow, untied the mat which covered it, and threw the apparently worthless roll of hard cotton away. Moung Ing, one of the disciples, a few hours after, found it, and preserved it as the sole relic of his imprisoned teacher. Some months after, when Dr. Judson was released, the pillow was hunted up, opened, and within it was found a manuscript, which is now printed as a portion of the Burmese Bible. It is no wonder that Dr. Judson desired to lay his head upon it nor that the keeper found it an uneasy support.

THE BIBLE.—An old man once said, "For a long period I puzzled myself about the difficulties of scripture, until at last I came to the conclusion that reading the Bible was like *eating fish*. When I find a difficulty, I lay it aside and call it a bone. Why should I choke on the bone when there is so much nutrious meat in use? Some day, perhaps, I may find that even bones may afford me nourishment."

BRAZIL.—A gentleman who for months has been engaged in distributing the word of God, finds the Brazilians quite willing to be addressed on the subject of a purer and higher religion than their own; they acknowledge their need of it, and never refuse the Bible or religious tracts. Portuguese Testaments and tracts are received with eagerness by Custom House officers, coffee stowers, and sailors, (Portugese or Brazilian,) and they are read; applications are often made for them.

John Berry Meachum, pastor of the First Colored Baptist Church in St. Louis, recently fell dead in his pulpit, directly after announcing his text. He was upwards of sixty years of age, and had been pastor of the church ever since its organization.—*American Baptist.*

In compliance with a request signed by three hundred students of the Edinburgh University Mr. Gough has recently given a lecture in that Institution, where he had an audience of more than two hundred, fully half of them being students of the University. Mr. Gough in his temperance lectures, is followed by immense throngs. The Scotch papers tell us, that he has invitations now on to lecture in 210 different places.—*Puritan Recorder.*

LIBERAL.—The Directors of the Providence & Worcester Railroad have passed a vote that all settled Clergymen residing on the line of the road, including those at Providence and Worcester, be furnished with free passes over their road for the ensuing year.

Some American travellers on their way to Jerusalem, in December, were told by the United States Consul for Beyrout, that travelers on the Nile cannot safely cross the Desert to the Holy Land, in consequence of the license afforded to the Arab pirates by the war with Russia.

Professor Mason, in his "Musical Letters from Abroad," says that in the Rev. Baptist Noel's church there is neither organ nor choir. The singing is entirely congregational, and is led by a preceptor, who occupies a secondary pulpit in front of that of the minister, and, who, in addition to his singing duties, reads the notices. He gives out the hymns and the name of the tune, and then reads a stanza, which is immediately sung by all the people, and in like manner the succeeding stanzas are read and sung.

The small pox is raging with great violence at Jerusalem. A gentleman just from the Holy City informs me that more than a thousand adults, and nearly as many children, have died with it.

Rev. Dr. Woods, of Andover, is writing a history of Andover Theological Seminary, with which he has been connected from its origin, near forty years.

NEW YORK CRYSTAL PALACE.

The following statement made by the New York *Herald* does not promise very well for the continuance of the exhibition at the Crystal Palace:

It appears that the company was chartered in the year 1852: that its capital stock is $500,000, of which amount $489,000 were issued. By the statement of the Directors, dated Feb. 1, 1854, it is shown that the total receipts of the company from all sources, including its capital, was $938,873 05. As the above statement does not show any cash on hand, it is proper to add the $125,000 acknowledged indebtedness as so much received either by labor or otherwise. Hence, it will appear that the total receipts were $1,063,873, 05; and upon investigation it is discovered that the company is now in debt $176,000. It further appears that $100,000 of the bonds of the company were issued by the old directors, which Messrs. Duncan & Sherman hold in trust, and have as collateral security for their payment of a mortgage on the building. Of the above bonds $72,000 have been sold—$35,000 to Messrs. Duncan & Sherman, and $32,000 to the late directors—almost exclusively to those who were re-elected on the union ticket. The balance—$27,000—of the bonds not sold, it is said, will not bring in Wall street more than sixty cents on a dollar.

The charter expires by limitation in 1857. Article ninth in this charter reads as follows: "The stockholders of the company hereby created shall be jointly and severally individually liable for debts that may be due and owing to all the laborers, servants, and others in their employ, for services performed for said company."

At the expiration of the lease of Reservoir square, the building, without any other equivalent, becomes the property of the city by the terms of the lease; and we learn that an effort has been made to induce hotel keepers and others to purchase one or more thousand dollars worth of tickets, to meet immediate and pressing demands; but for want of success it has been abandoned.

ANOTHER MRS. DOUGLAS CASE.

The peculiar institution of the South has certainly some very peculiar features. One of the most prominent of these is, the chivalrous and high bred treatment which it always exhibits towards the weaker sex. Here is a case in point:

MISS DELIA WEBSTER INCARCERATED.—On Wednesday, Miss Delia Webster, a notorious character who resides in this State, opposite Madison, was arraigned before Judge Gray, of Trimble county, on the charge of enticing away slaves from their owners in that county. There was evidence that since her residence in that county some twenty slaves had escaped from her neighborhood. Also, that Messrs. Day and Oram, who stand indicted in that county for enticing away slaves, reside on the same farm with her, and are her friends and associates.—Also, that she had heretofore been convicted on a charge of aiding in the escape of slaves. It was also shown to the court by a number of the most respectable citizens of her neighborhood, that she was generally suspected of having had something to do with the recent escape of slaves from that vicinity. Upon this evidence Judge Gray required Miss Webster to give bond, with sureties, in the sum of $10,000, that she would be of good behavior, or that she would give bond in the same amount that she would leave the State and never return to it. In default of giving bail as required, Miss Webster is now in the Bedford jail.—*Louisville Courier, Mar. 16.*

HUMORS OF THE DAY.—We have hitherto been too anxious and apprehensive as to the fate of the Nebraska bill to enjoy or indulge in pleasantries concerning it, but the sudden lighting up of the horizon caused by the decisive vote of the House which sends the abomination to the Committee of the Whole impels a livelier mood, wherein we gladly hail such sparkles as the following:

"John Brown, Ferryman," writes to the Editor regularly favored with his correspondence as follows:

"P. S.—I understood you to say the other day in *The Evening Post*, that the President was in favor of leaving the subject of Slavery in Nebraska to the settlers. *Will you please to inform me whether the New Hampshire election is one of the 'settlers' he refers to.*

—And this from *The New Hampshire Telegraph* (Nashua) is some:

"After appearances began to indicate that the Democracy had got a pretty severe drubbing at the late election, one of the Unterrified was explaining the cause to another, and attributed it to the Nebraska bill. 'The Nebraska bill,' said the intelligent sovereign, 'there's money enough in the treasury! *Why don't they pay the d——d thing and have it out of the way?*'"

—And this, from one of our own correspondents, seems in our altered state of feeling, not very bad:

THE SHIPSLAVE—A SONG.

Let Slavery now shut her mouth,
And quiet be henceforth;
We've got Fred Douglass from the South—
She's got Steve from the North!
But that no difference should be paid
'Twere hardly fair to ask her,
We've made so much the better trade—
She claims to boot—Nebraska!
—*N. Y. Tribune.*

OLE BULL IN ROCKFORD.—Ole Bull's concert in Rockford last night, was attended by a crowded and most fashionable and distinguished audience. A great many were unable to obtain admittance.

THE WITCHES' DANCE.

"Come where darkly streaming,
Night with wing enhovering,
Lends her shadows lowering,
Come to the walnut tree!
When the wolf is prowling,
And the death-chime tolling,
When the storm is howling,
Merrily there dance we!
Hark how the cries around
Rise at the signal sound!
Mark now o'er the trembling ground
The flame-like vapors play:
Now palely, lightly beaming,
Now like the glowworm gleaming,
Now broadly, brightly streaming,
They point your onward way.

Come ye who track the stranger,
And round the mountain ranger
Your spells of woe and danger,
Warily, warily fling,
Of love by sorrow blighted,
Of young hearts dearly plighted,
Forever disunited,
Merrily, merrily sing!

Far down in the vale below,
Oh be! merry wizards, ho!
The bridal flowrets grow,
Which ere the morn appears,
Must hear a charm ... [illegible]
For one new fair and blooming,
Each dewy gem foreboding,
To melt in burning tears."

POLYGAMY.—The *Northern Islander*, published on Beaver Island by the Mormons, in reply to a remark of this paper that the Mormons of Utah "must renounce their redundant wives" before Utah can come in the Union, comes out thus "flat-footed" in favor of polygamy, and the right of each State to regulate it as one of its domestic institutions:

"Nothing can be clearer than that if the people of Utah see fit to institute and practice polygamy, no power on earth can legally prevent them. The only real difficulty in the matter will arise when those who have been legally married in Utah to a number of wives, choose to go with their wives to reside in other States. Marriage in all the States is a civil contract and the general rule is that if the contract is valid when made it will be enforced everywhere.—But this rule is not universal. Conflicts are likely to grow up on this question. In the case of Indians married in their own country, and of a few Turks and Chinese sojourning for a short time in the States, their polygamy has been winked at, and the courts have not determined the rule of law in the premises. But it is doubtful whether the same liberality will be extended to the Mormons. Because the Mormons in Utah have, like the Puritans in New England, determined to be governed by the laws of God, they must, forsooth, be refused admission into the Union. Does not republicanism itself guaranty to Utah the right of self-government? Have not they the same right to establish polygamy, that Michigan has to prohibit it, and establish duality? Is the republicanism of America a reality, or is it a false pretence, a swindle?"

MYSTERIOUS DISAPPEARANCE AND RETURN.—An incident is related to us as having occurred in this city some weeks ago, portions of which are still enveloped in inexplicable mystery.

Last spring the wife of a wealthy and respectable farmer in the vicinity of Bloomington, Illinois, accompanied by her daughter—a young lady of seventeen or eighteen years old—made a pleasure tour to the East. After visiting the principal places, and stopping now and then with their friends, they arrived here on their return home, on the 17th of June last. The wife failed to meet her husband here, as had been arranged, and hoping to hear from him, sent her daughter to the post office to inquire for letters. Here begin the knotty points of the case. The daughter did not return to the boat. The mother, alarmed for her safety, left the boat, called on her friends here, and remained sometime making inquiries for the missing child. All her efforts having failed, she went on to Meredosia, and the father who had in the meanwhile been written to, arrived in St. Louis to institute a more thorough search for the daughter. He advised with Marshal Molaire, offered a reward of $500 for her return, and availed himself of every other imaginable means for her recovery, but to no purpose. Information of the disappearance was also given to County Marshal David Bayles, together with an accurate description of the young lady's person.—Mr. Bayles a few weeks ago gained a clue which he traced up and which led to the discovery of the daughter in one of our principal hotels, where she had been only eight days. She said she had just returned from Cincinnati with some lady friends, and at first she refused to return to her home in Illinois. By dint of persuasion, however, she consented to return in the company of one of her relations. How she had got off—where she had been to, or how she subsisted in her wanderings, is not explained.—*St. Louis Democrat.*

FOREIGN ITEMS.

A Turkish bark and a Russian bark are in Penarth Roads, England, ready loaded, each bound to their respective countries. The captain of the latter fears to proceed to sea, as his antagonist has nine guns ready to play upon his enemy as soon as he can catch him clear out of the roadstead.

—The kind of tolerance that prevails in the Russian empire, the government of which has now drawn the sword on behalf of the privileges of the orthodox church in the East, may be judged from the fact that the Catholic missionaries in Transcaucasia have only recently been most peremptorily again commanded to make no proselytes. Only a short time ago a large number of Saunetes and Abchases, nearly all of which tribes are still heathens, applied to the prior of the convent in Lautais, requesting to be baptised. The prior was obliged to decline, and to send them away, for transportation to Siberia awaits any priest that dares to convert a worshipper of idols into a Roman Catholic Christian.

THE GREAT RESTORATIVE.

FEVER AND AGUE CURED BY DR. M'LANE'S LIVER PILLS.

☞ Mr. Jonathan Houghman, of West Union, Park County, Illinois, writes to the proprietors that he had suffered greatly from a severe and protracted attack of fever and ague, and was completely restored to health by the use of the Liver Pills alone. These Pills unquestionably possess great tonic properties, and can be taken with decided advantage for many diseases requiring invigorating remedies; but the Liver Pills stand pre-eminent as a means of restoring a disorganized liver to healthy action—hence the great celebrity they have attained. The numerous formidable diseases arising from a diseased liver, which so long baffled the skill of the most eminent physicians of the United States, are now rendered easy of cure, thanks to the study and perseverance of the distinguished physician whose name this great medicine bears—a name which will descend to posterity as one deserving of gratitude. This invaluable medicine should always be kept within reach; and on the appearance of the earliest symptoms of diseased liver, it can be safely and easily administered.

P. S. Dr. McLane's Celebrated Liver Pills, also Dr. McLane's Celebrated Vermifuge, can now be had at all the respectable Drug Stores in the United States and Canada.

☞ Purchasers will please be careful to ask for, and take none but Dr. McLane's Vermifuge and Liver Pills.—All others, in comparison, are worthless. mh26

Kidder's Gas Regulator.

THE SUBSCRIBER, having been appointed Agent in the Sale of *Dr. Kidder's New York Patent Gas Regulator*, is now ready to receive orders from all wishing to avail themselves of its benefits, which consist in the following:

A saving of 25 per cent. in consumption.
A steady, even, pure and mellow light.
Unhealthy consequences of escaping unconsumed Gas avoided.
Change of complexion, by disagreeable effects of Gas are avoided.

MR. J. L. DOUGLAS—SIR:—At your request I have carefully examined Dr. Kidder's Gas Regulator.

In the test made I found that there was a pressure of [illegible] of an inch after passing the Regulator, while we have at the Gas Works a pressure of 2 8 10. In this instance the light was steady and uniform, and I would cheerfully recommend them to all Gas consumers.

Respectfully, HENRY PARKINS,
Jan. 31, 1854. Engineer Chicago Gas Works.

Having used one of Kidder's Gas Regulators in our Store, we find it operates satisfactorily, and cheerfully recommend its general use. The pressure upon the burners is uniform, giving a steady and soft light, and saving at least 25 per cent. of the amount of gas consumed. A. H. & C. BURLEY.

MANHATTAN GAS WORKS, Oct. 22, 1853.

The Gas Regulator of Dr. Kidder is, in my opinion, the most valuable instrument for regulating the flow of gas to the burners that I have ever seen.

It is correct in principle and will accomplish admirably the objects for which it was designed.

It will insure great steadiness in the lights, and as the pressure at the meter is, by this instrument, reduced considerably below that on the street mains, it will enable the consumer to gain an equal amount of light at a smaller expenditure for gas; for the less the pressure under which the gas is consumed, the greater is the amount of light obtained.

CHARLES ROOME,
Engineer Manhattan Gas Light Co.

We have Kidder's Gas Regulator, and are satisfied that while it regulates the burning of gas, it saves in expense more than twenty-five per cent.

New York, March, 1853. ALEX. T. STEWART & CO.

We have used Kidder's Gas Regulator for some months, and find that it accomplishes perfectly the ends for which it was designed; it supplies the gas at a regular, uniform pressure. The light from the Regulator is equal to that from the street burner—steady and agreeable; and, in point of economy, we save by it at least 25 per cent. on the quantity of gas consumed.

As it must come into very general use, we cheerfully recommend it to the public.

(Signed) TIFFANY, YOUNG & ELLIS.
(Signed) BALL, BLACK & CO.
(Signed) SMITH & KNAPP, 224 Broadway.

ASTOR HOUSE, Nov. 1, 1853.

We have had Dr. Walter Kidder's Gas Regulator in use at the Astor House, for several months past. We have three Regulators attached to as many meters, (one to each) and they supply about 300 burners. The Regulators operate finely; they perfectly regulate the burning of the gas, and with as good a light, save us a handsome per centage upon our bills of consumption, say about fifteen dollars a week, which is equal to 25 per cent. on our gas bills.

We consequently feel very great confidence in the success of the Regulator. COLEMAN & STETSON.

Felt and Composition

ROOFS!

Manufactured by Barrett, Dow & Co.

ROOM No. 6, OVER THE POST OFFICE.

THESE excellent Roofs—fire and water proof—have been used extensively in Chicago for the last four years, and their superiority to all other roofs is now universally admitted by those who have fairly tested them. As some evidence of this, the number of buildings roofed by us during the past year was not less than 250—nearly double the number roofed in any previous year—and among them were several of the largest and most elegant, edifices ever erected in Chicago; and the most extensive Stores, Banks, Warehouses, &c., to be erected here this year, are to be covered with this kind of roof.

But the public ought to know that there are a great variety of "composition roofs," some of which, though similar in appearance, are greatly inferior in quality to "Barrett's Felt and Composition Roofs," as time will fully demonstrate.

Grateful for the liberal patronage heretofore extended to them, the subscribers pledge themselves, for the future, to attend to all orders in their line with their accustomed promptness, and to do their work with as good materials and in the most thorough and substantial manner as heretofore. mh24 BARRETT, DOW & CO.

WE BEG TO CALL THE ATTENTION OF THE PUBLIC to the following facts:

That Mr. McGeorge has been actively engaged in the practice of the above business during the past seven years, and flatters himself that he understands his business.

That Mr. Powell having been Manager for the late firm of Messrs. Barrett & Co., during nearly the whole of the past four years, almost all the Composition Roofs erected in Chicago have been roofed under his own immediate supervision and care; and he also, flatters himself, believes that he is thoroughly acquainted with everything appertaining to Composition Roofing, and the public desire.

We will promptly attend to all orders, and being practical mechanics, will personally superintend and faithfully execute all contracts made with us.

Parties, we trust, will find it to their interest to employ the First Company of Roofers—who are the oldest in the Trade in Chicago.

RETIREMENT OF

PROFESSOR AS. McCLINTOCK, M. D.

FROM THE PHILADELPHIA MEDICAL COLLEGE.

☞ The undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor James McClintock, M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the preparation of his long celebrated Family Medicines.

These remedies embrace some of the most valuable discoveries and combinations ever known for the cure of disease. They are the fruits of the most profound investigation, the widest research, and the most unequalled experience of one of the first physicians of the age. Each remedy is especially adapted to some particular form of disease in accordance with the highest principles of modern medical science. Each of these remedies has been tried, improved and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular physicians who have been his students, and seen their beneficial results in Dr. McClintock's own hands while they were under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield and elsewhere.

The Philadelphia Sun remarks: "Eminently successful in his private practice, extensively known for his medical erudition, and as the instructor of more medical students than perhaps any other man in the Union, Dr. McClintock is just the person whose experience and reputation will beget that complete confidence in the public mind which will relieve his medicines from all suspicion of empiricism, and carry them into every house as a blessing."

Read the following Certificate:

This is to certify, that I have placed in the hands of Messrs A. Cushman & Co., New York, the recipes of my "Family Medicines," with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years and their composition is well known to hundreds of regular physicians, who have been my students, and who are many of them now practising with distinguished success in all parts of the country. In securing the co-operation of Mr. Alex. Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years' experience, I am enabled to assure the public that they will be prepared in the best, purest and most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine, and Acting Professor of Midwifery; one of the Consulting Physicians of the Philadelphia Hospital, Blockley; late member of the National Medical Association; member of the Philadelphia Medical Society; Member of the Medico-Chirurgical College of Philadelphia; formerly President and Professor of Anatomy and Surgery in Castleton Medical College, Vermont; and also, late Professor of Anatomy and Physiology in Berkshire Medical Institution, Mass., &c. &c. &c.

I. DR. McCLINTOCK'S PECTORAL SYRUP.

An invaluable remedy for Bronchitis, Consumption, and all chronic diseases of the throat and lungs. In all deep seated complaints of the Pulmonary organs it has proved the most safe, certain and rapid remedy ever employed, in the extensive practice of Dr. McClintock. For any of these forms of disease, showing themselves as Cough, Tickling of the Throat, Sense of Tightness in the Throat, Spitting of Blood, difficulty of Breathing, Hoarseness or Loss of Voice, and Hectic Fever, its use will be attended with the happiest results, while it is pleasant to the palate, and strengthening to the whole system. It contains no Ipecacuanha or opium in any shape. Price $1 per pint bottle.

II. DR. McCLINTOCK'S COLD & COUGH MIXTURE.

X. DR. McCLINTOCK'S FEVER & AGUE SPECIFIC.

This has been found an infallible specific for this scourge of new countries, and for Intermittent Fever. [illegible] Price 50 per bottle.

XI. DR. McCLINTOCK'S VEGETABLE PURGATIVE PILLS.

For the relief of Constipation, and all its painful results, such as Headache, Dizziness, Sick Stomach, Piles, and all the symptoms enumerated under the "Dyspeptic Elixir." Price 25 cents per box.

XII. DR. McCLINTOCK'S ANTI-BILIOUS PILLS.

For Liver Complaint, and all forms of disease arising from derangement of the liver, [illegible] Price 25 cents per box.

☞ The undersigned, in assuming the proprietorship of Dr. James McClintock's family medicines, would respectfully state to the public, that in his profession as Apothecary and Chemist, for nearly fifteen years past, he has been actively connected with the best pharmaceutical establishments in this country, and has had constant occasion to use and prepare the prescriptions of the most eminent physicians, among whom he would name Dr. Mott, Dr. Parker, Dr. Francis, Dr. Cheeseman, Dr. Beale, Dr. Hosack, and many others. The experience thus acquired, enables him to say that the prescriptions of Dr. James McClintock are not only composed of the most valuable medicines judiciously combined by one best practitioners in the treatment of the several diseases for which they are designed, but they are combined in such proportions as to secure the greatest amount of benefit. [illegible] as his guarantee to the public that these Great Remedies will be faithfully prepared in strict accordance with the prescriptions of their distinguished Originator.

OLE BULL'S LAST GRAND CONCERT.

ON TUESDAY EVENING, MARCH 28.—The public is respectfully informed that OLE BULL will give, by general desire, on his return from Rockford, another (*and positively his last*) GRAND CONCERT in this city, on Tuesday evening, March 28th, at Tremont Hall.

OLE BULL'S POSITIVELY LAST GRAND CONCERT.

Tickets and choice of seats for Ole Bull's positively last Grand Concert, on Tuesday evening, can be obtained by early application at the ticket office of the Tremont House.

JUVENIS is informed that we will accede to his request. We will do all that he has asked of us, upon the reception by us of five dollars. He had, however, better call upon us personally, as we can then come to a better understanding upon the means to be pursued.

RAILROAD ACCIDENT.—The train on the Southern Michigan Railroad, which left Toledo for this place on Sunday night, on arriving at Adrian, Michigan, ran over a T Rail which had been placed upon the track, throwing the Locomotive off the track, smashing the train, and delaying its arrival here for several hours.

KEY FOUND.—A steel safe key, of modern invention, was found yesterday in the street. The owner can have the same by applying to this office, and proving property.

FATAL ACCIDENT.—Yesterday Coroner Hines held an inquest upon the body of Hollis W. Wright, who fell from the building now in process of erection for Messrs. Wilcox, Lyon & Co., near the corner of Tyler and Franklin streets.—The deceased and another man were on a scaffolding together, siding up a house, when the end on which he stood gave way, precipitating him to the ground and breaking his neck. The Jury returned a verdict of accidental death.

COUNTERFEIT BILLS.—We were shown yesterday an altered bill of the denomination of $10, on the Union Bank of this city. The Bank has never issued any 10's. The alteration was made by pasting the word TEN and figures of the same over the ONE, on the face of the bill. The counterfeit can be easily detected, by close scrutiny.

THIEF CAUGHT.—Constable John Beach arrested yesterday Robert Bancroft, for stealing two pair of pants from a canal boat. The thief was examined before Mayor MILLIKEN, and in default of $300 bail was committed for trial at the next term of the Recorder's Court.

EMIGRANTS TO ALTON.—Sheriff Bradley and Ex-Mayor Gray left for Alton on Saturday morning, having in charge the following prisoners for the Penitentiary:

Eugene La Mar, one indictment for robbery, and two for larceny; sentenced for four and a half years.

Morton Brooks, two indictments for larceny, and one for robbery; sentenced for one year on each.

Wm. Morrissey, *alias* Marcus C. Morrison, one indictment for robbery and two for larceny; sentenced one year on each.

John T. Peterson, sentenced for two years and a half, for robbery.

Dr. Thomas Wilson, (has a brother who is a member of the British Parliament,) sentenced for one year, for stealing an $18 coat.

George Thurber, for passing wild cat bills of the Van Buren County Bank, in Michigan; one year.

Daniel Molony, stealing three yoke of oxen from Bull's Head; sentenced for two years.

John Rourke, sentenced for one year, for stealing sundry articles.

DeWitt C. Alden, for horse-stealing; sentenced for one year.

POLICE COURT.

Before Mayor MILLIKEN.—Monday morning, March 27.

Bernard Bennett, for making a disturbance on Clark street, during Saturday evening, while on a spree, was fined $2, and costs of two witnesses and a warrant.

Henry Thorp, for being drunk and speechless on the sidewalk, was duly escorted to the Watch House. The excuse given by the defendant was that he had been "starved out" of his boarding house, and had no place to go to. Fined $2 and costs—amounting in all to $3 83.

Wm. McComber, who hails from Waukesha, Wis., and a lad of 20 years of age, was "brought in" the night previous "blind drunk." The lad is a hard customer, having been previously before the Court several times. He was sent to the Bridewell, being short of funds with which to pay a fine of $10.

John Anderson, was intoxicated on Milwaukee Avenue, and obstructing the thoroughfare, on Sunday evening. The usual fine of $2 was put down against him.

Michael Walsh, paid a similar bill for being drunk on the streets.

Wm. Harrison, (colored) while going home on Sunday night, "three sheets in the wind," made a mistake (as he said) in the house he was steering for, and accordingly he soon found himself in the dwelling of D. A. Foot, on State street.—The tenants of the chamber, which he entered by a window, being roused by the noise, called for assistance, and the fellow was secured, but not till he had made strong efforts to get away. He was bound over, to take his trial at a higher court.

Thomas Folsom, was noisy on Clark street during Sunday evening, and in a bullying manner wanted to fight the Watchmen when they requested him to be quiet, and go home. The consequence was that Tommy got escorted without much ceremony to the "lock up," and in the morning paid to the Court's bill of $6,70 to get clear.

Patrick Joyce, for being engaged in a squabble on Sunday evening, paid a fine of $5 and costs.

Henry Kenzie, von Deutschman, got into a scuffle on Sunday night at the Bissell House, was too anxious to become acquainted with the ladies, broke the landlord's watch, and made a general rumpus, for all of which he paid $5 and damages.

SALES OF REAL ESTATE.

The extensive auction sales at the Real Estate Rooms of Clark & Loring, 100 Randolph street, on Saturday forenoon and evening, was very numerously attended, and there was a spirited bidding. We annex the following list of sales:

MEETING OF THE CHICAGO CLERGY.

ANTI-NEBRASKA SENTIMENTS.

The meeting of the clergy of this city and vicinity, which was called for yesterday afternoon, assembled at the lecture room of Clark street M. E. Church, at 3 o'clock. On motion, Rev. A. M. Stewart was called to the Chair; and Rev. J. McNamara appointed Secretary.

The Chairman, previous to taking his seat, made a few remarks stating the object of the gathering was to take measures for a suitable expression of their sentiments upon the subject of the bill now pending in Congress, for the organization of the Nebraska and Kansas Territories.

Further remarks were made by Rev. Messrs. Clark, Wood, Watson, Richardson, and Eggleston.

On motion, a committee of five was appointed by the Chair to prepare a series of Resolutions, expressive of the sentiments of the meeting.—The following gentlemen were appointed said Committee:

Rev. R. H. Richardson, Rev. H. Curtiss, Rev. A. Kenyon, Rev. J. C. Holbrook, and Rev. J. V. Watson.

In the absence of the Committee, the meeting was addressed by Rev. Messrs. McNamara, Clark, and Stewart, of this city; and Fitch, of Detroit.

In the course of his remarks, Mr. McNamara, in speaking of the spread of slavery, took occasion to say that the "peculiar institution" already existed in Nebraska. At Fort Leavenworth, the officers possess slaves. He also remarked that he knew it to be the determined object of Senator Atchison to have slavery legally extended to the Territory.

Mr. Fitch being called on, said that the news as it came from Washington was very mortifying to all in Michigan. That of the four Representatives in Congress from that State, three had declared their intention to vote against the bill, whenever it came up in the House, and the other had said that he should vote for it, for the reason that he wanted to save Gen. Cass! The speaker had heard of a person's dying to save a good man, but he never yet knew of one that would go so far as this Representative!

The Committee having returned, reported through their Chairman that they had read the Protest sent to Congress by the 3,000 clergymen of New England, and they could not improve on it, except in one clause—they therefore offered it for the consideration of the meeting, changed so as to be adapted to the clergy of the North West.

We were promised a copy of the Resolutions and Protest, but the debate on them keeping open till a late hour, we defer their publication till another time.

OLE BULL'S CONCERT TO-NIGHT.

The great violinist gave one of his grand concerts last evening, at Rockford. The party will be in the city on their return to-day, and will give their Farewell concert here to-night, at Tremont Hall. A large number of tickets were secured yesterday, and the prospect is that a crowded audience will be in attendance to greet the famed performers.

The public will perceive in our news columns a very excellent *critique* on the merits of Ole Bull, and his distinguished associates, from the pen of Mrs. L. Maria Childs. It will doubtless be read by his many admirers in this city.

The success which has attended the visit of Ole Bull during the present tour by far excels that of any previous season. The good skill and management of his concerts here is in a great degree due to the taste and judgment of the polite Agent J. Grau, Esq., who has long catered for the public, and who has been associated with Ole Bull for the past two years. Mr. Grau left last evening for Detroit, to make arrangements for the giving of concerts in that city.

☞ The fourth Subscription Concert by the Philharmonic Society, at Tremont Hall last evening, passed off very finely. The singing was of the best order, the entire audience was abundantly entertained, and in the best possible humor. It has the appearance more of a social party to attend these concerts, than any other name that can be bestowed on them, as the society is composed of those with whom we daily meet, and it is a pleasure to know of their prosperity, and that they receive such liberal support.

Canal Office Removed.—The Canal Collector's Office was removed yesterday to the brick block, corner of Wells and South Water streets, up stairs—two doors north of the room occupied last season.

A GREAT SENSATION.

☞ DR. A. L. ADAMS' LIVER BALSAM is creating a great sensation everywhere. We hear of its good works from all directions. We thought six months ago we knew its [illegible] merit, and what it was competent to do, but we were premature in our estimate of its power.

We could not have believed by any logical course of reasoning, that this merited Compound would have supplanted to that extent that it has "Quack Nostrums," and made such a wonderful impression on the public mind, as the credentials before us show. Its beaming good work has been felt and is appreciated by legions of new happy hearts made strong in the returning of health. It is a fact which we are happy to announce that the sick and afflicted can trust in the strength and power of this Liver Balsam, making safe with them the return of health, if they will take it according to directions.

WM. McMILLAN, corner State and Randolph streets, Wholesale and Retail Agent for Chicago and surrounding country.

☞ One of the most talented and experienced physicians in our country, and one of the most successful in his private practice is Dr. James McClintock, of Philadelphia. He is known to the profession as perhaps the very highest authority we possess in the branch of anatomical science, and as a lecturer on general practice of medicine, has been repeatedly pronounced, by his cotemporaries, superior to any one living. His acquirements are great and varied, and his practical application of them, both in communicating his knowledge to others, and in ministering to the relief of disease, has made him excessively popular wherever he is known. [illegible]

Thousands of Cases of Consumption

Have been cured by the use of RUSHTON, CLARKE & CO'S GENUINE MEDICAL COD LIVER OIL. It is not a secret preparation, or quack medicine, but the pure Oil of the Fresh Cod Fish Liver, prepared with the utmost care, so as to preserve its valuable properties in the highest state of perfection, and is recommended by the most eminent Physicians.

Caution—The great superiority and celebrity of our Oil has induced many imitations, and purchasers will please notice that the genuine article has the signature of RUSHTON, CLARKE & CO., over the cork of each bottle. Sold by Druggists generally throughout the United States.

DRUGS & MEDICINES.

CHOLERA, DIARRHŒA, &c.

HEALTH PRESERVED BY THE USE OF A Condiment.—It is well known that where wholesome food is taken, and the stomach kept in tone to digest it, the dire complaints above named rarely, if ever, occur; but as safety consists in prevention, it should be universally known that the habitual use of Lea & Perrins' Worcestershire Sauce not only promotes perfect digestion, but also imparts an exquisite zest to almost every article of food. The world-wide fame of this Sauce, as a most agreeable relish, is well established, but its health preserving properties should recommend it to daily use in every family, every hotel, and every boarding house. Wholesale Agents for the United States, Messrs. JOHN DUNCAN & SONS, 405 Broadway, N. Y.

They keep coming to get the Certain Cough Destroyer.

WHY DO YOU COUGH? Why need you cough so bad, and thus injure your lungs? Why let it linger when it can be so easily removed, by a remedy Dr. CARY offers to the public, which cures the worst of coughs, let them be of short or long duration? In any case where it fails to cure when used according to directions, the money will be promptly refunded. He also flatters himself with a belief, if there is a cure for that dreadful disease, Consumption, this remedy will cure it. This is a new discovery made by Dr. Cary this winter, and in no case where a trial has been made, has it failed in curing the worst cough. The operation of the medicine is mild. For gravel and some other diseases, he has a never failing remedy to cure, if curable.
